Frontline Education Overview
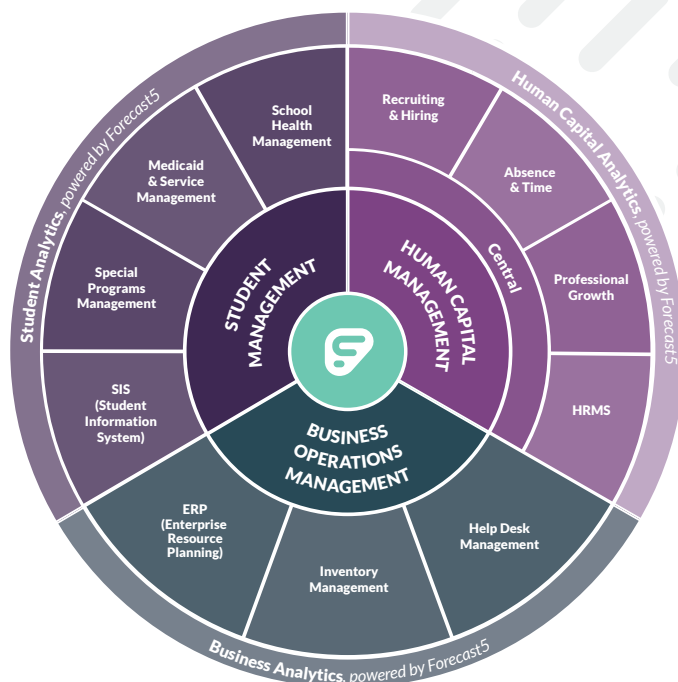

Empower your team with the tools, data, and insights to lead your schools with confidence.

frontline
education®

Empower your team with the tools, data, and insights to lead your schools with confidence.

Join over 10,000 clients partnering with Frontline Education to proactively manage human capital, business operations, data and analytics, student health, student information, and special education.

School Administration Software to Empower Education Leaders

With the right tools, data, and insights, you'll be empowered to make the best decisions to support your teachers and staff. That means engaged, efficient, and effective people focused on what's best for students. And that leads to stronger schools that improve outcomes for kids.

Automate Inefficient Processes

With easy-to-use software, you and your staff can reclaim time from tedious paper-based tasks that suck the life out of your district.

Get Data to Inform Strategies

You can see your own data in instant dashboards plus see how you're doing compared to other school districts against embedded benchmarks.

See a Bigger View

With the best school administration solutions all in one system, you can see the big picture and collaborate across departments.

"Frontline Education allows us to leverage our time where it matters most, and that's in reaching and teaching kids."

Dr. Robert Vogelaar, Assistant Superintendent of Human Resources, Liberty Public School District

frontline education®

Solutions for Human Capital Management

Frontline HCM, a connected human capital management suite, equips schools with everything needed to support the entire employee lifecycle from recruiting to retirement.

Frontline Central

Focus on people, not paperwork with a connected hub allowing you to share actionable data between all your Frontline Human Capital Analytics solutions, enabling you to manage employee information online and streamline manual processes — all from one location.

Frontline Absence & Time

Proactively manage employee absences, substitute teachers, and time and attendance so you always know the right people are in the right place at the right time.

Includes:

- Absence & Substitute Management
- Time & Attendance

Frontline HRMS

Enable your HR professionals to centralize talent, compensation, benefits, and position management.

Frontline Recruiting & Hiring

Bring the best people into your district quickly with proactive recruiting and applicant tracking software.

Includes:

- Applicant Tracking
- Proactive Recruiting
- Screening Assessments

Frontline Professional Growth

Supercharge your teachers' professional growth with one solution for professional learning, collaboration and evaluations.

Includes:

- Professional Learning Management
- Employee Evaluation Management
- Learning & Collaboration Resources

Frontline Human Capital Analytics

Build critical staffing analysis and visuals with Frontline Human Capital Analytics to allow your audience to better understand your most pressing staffing concerns.

Solutions for Business Operations

With Frontline's Business Operations Suite, school district administrators can support everything from HR, Finance & Payroll, to Inventory Management and Help Desk Ticketing.

Frontline ERP

Unlock efficiency and achieve financial peace of mind with ERP software built for K-12 HR, Finance and Payroll – making exceptional organizational management a reality.

Includes functionality for: recruiting, position control, compensation and benefits management, finance and payroll management, procurement management, digital documentation and reporting.

Frontline Inventory Management: Assets

Manage the entire lifecycle of your assets with an industry-leading, cloud-based solution.

Frontline Help Desk Management

Manage the health of your district's inventory with an integration to Asset Management built directly into the workflows of ticket resolution, allowing your technicians to see information related to an asset without having to log in and out of disparate systems.

Frontline Inventory Management: Instructional Materials

Track and manage print and digital instructional materials in a cloud-based system built specifically for the needs of K-12 school districts.

Frontline Business Analytics

Track and manage print and digital instructional materials in a cloud-based system built specifically for the needs of K-12 school districts.

Solutions for Student Management

With Frontline's Student Management Suite, school district administrators can finally support outstanding educational outcomes with technology that was built with the student experience in mind.

Frontline SIS

Equip district administrators to confidently manage everything, including grades, discipline, attendance, reporting, scheduling, enrollment, and so much more!

Frontline Special Programs Management

IEP and Special Education Management

Manage individualized education programs (IEPs) and other special education processes like initial evaluations, re-evaluations, annual review and progress reporting to elevate student support and foster collaboration among teachers, parents, and service providers.

504 Program Management

Design and manage compliant, individualized Section 504 plans to help students thrive.

RTI/MTSS Program Management

Manage intervention programs, track student progress, and monitor program effectiveness to make data-informed decisions for student growth.

Gifted & Talented Program Management

Organize gifted and talented programs, track nominations, create plans and monitor student progress.

English Learner Program Management

Strategically plan, manage and progress monitor individual English learners and English learner programs.

education®

Frontline Medicaid & Service Management

Bring much-needed funds back into your district by identifying and capturing every eligible Medicaid service provided by the school. Easily document services and submit claims with modules including transportation, nursing, personal care services and integrated time tracking for contracted providers.

Includes:

- Service Tracking
- Personal Care Services (PCS)
- Transportation
- Cost Reporting Management

Frontline School Health Management

Efficiently manage scheduling, documentation, reporting, and compliance with state and federal standards for physical, mental and behavioral health.

Includes:

- EHR & School Nursing Management
- Mental & Behavioral Health Management

Solutions for Data & Analytics

With Frontline's Analytics Suite, district leaders can harness the power of their data to make more informed decisions for the benefit of their students and communities.

Financial Planning & Budget Management Analytics

Accurately and efficiently manage your financials so that you can make more informed decisions.

Comparative Analytics

Leverage prebuilt datasets and built-in analytic tools to generate detailed, customized perspectives on organizational management and benchmark peer performance — with speed and efficiency.

Student Analytics Lab

Improve student outcomes by consolidating student data into a single analytics environment and generate customized dashboards and informative reports to inform your decision making.

Location Analytics

Combine disparate datasets into an interactive map, providing your teams with insights into patterns and trends with a geographic perspective.
